Whirlpool systems discontinuation on KDTS & TOF Tub Showers

In an effort to continue a product and service experience that exceeds your expectations, we are making adjustments to our **KDTS** and **TOF** models on the MAAX professional lineup for customers in the USA.

Our whirlpool system will no longer be available on our **KDTS 3060, KDTS 3260, TOF 3060** and **TOF 3260** models in the **MAAX Professional** lineup.

This change has come due to a lack in demand for these units. By phasing out the systems from these models, we have greater expectations in producing these models in a timely and efficient manner while continuing to develop innovating and exciting new products.
